Launch Chrome at 8 am Every Morning by Task Scheduler
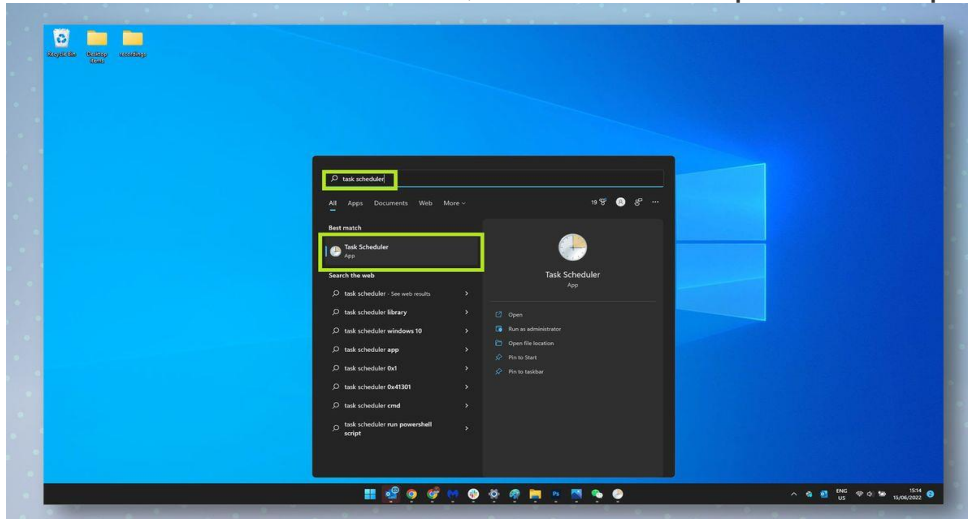

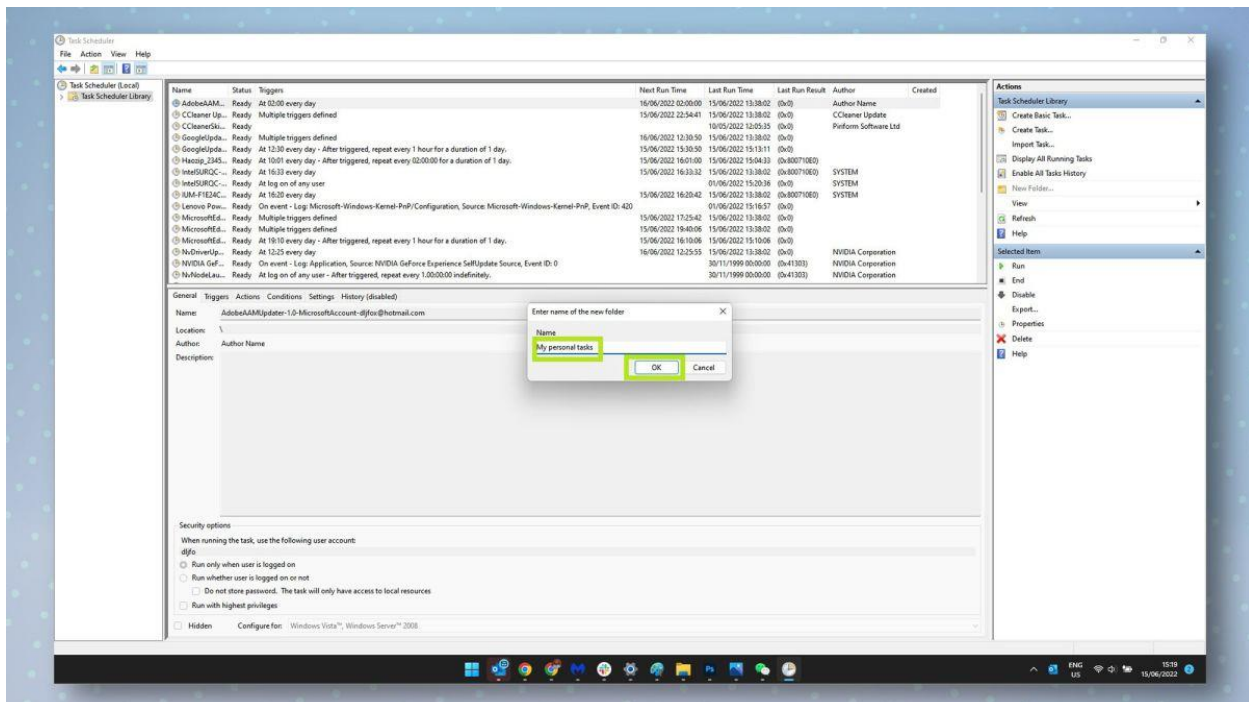

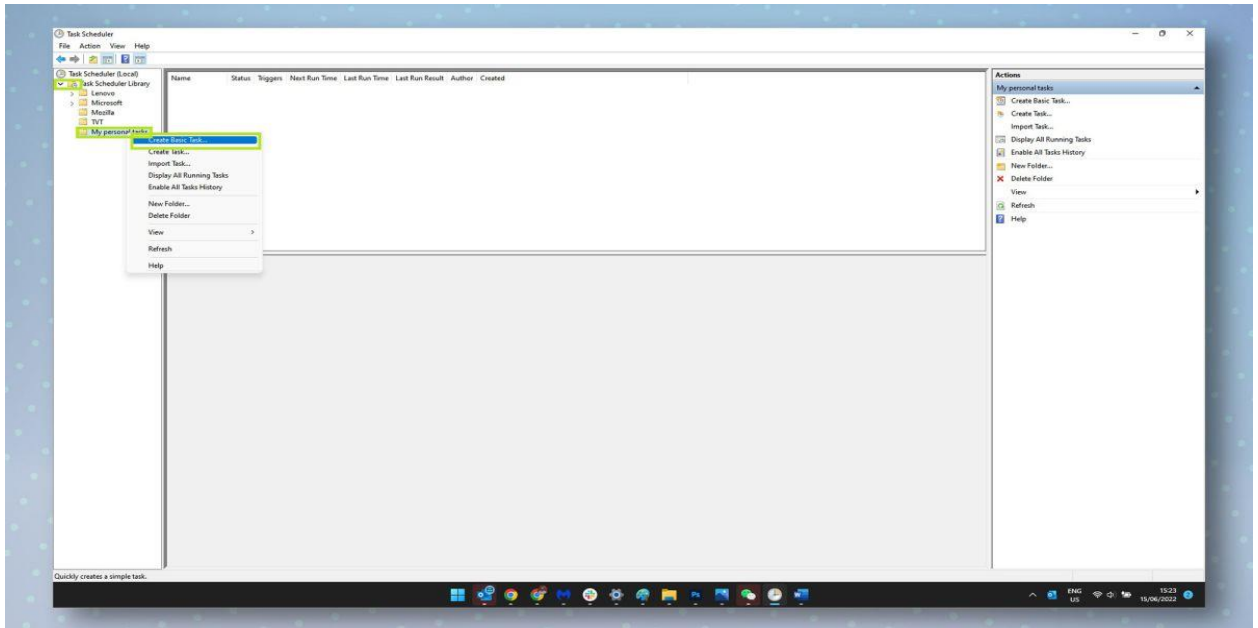

1. Open **Start**.
2. Search for **Task Scheduler**, and click the top result to open the app

3-click Task Scheduler Library on the left, then **right-click on it** before **clicking New Folder**.
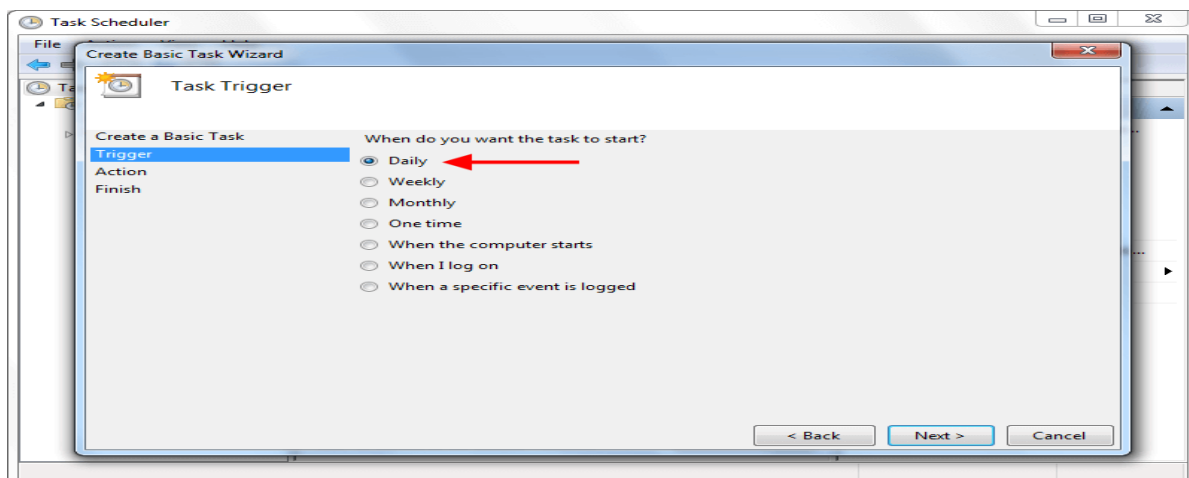

4-Click the arrow next to Task Scheduler Library to expand the list, and you'll see your personal folder listed on the end. **Click your personal folder** then **right-click it** and **click Create Basic Task**

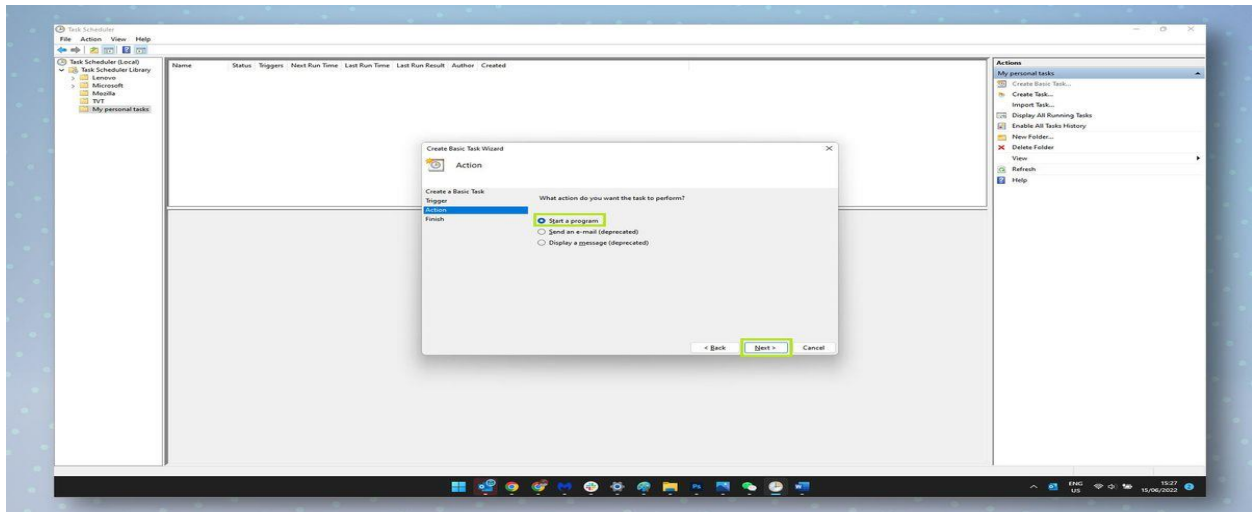

5- You should now be in the **Create Basic Task Wizard**. To start, **give your task a name** in the first field(open chrome)In the next field, **add a description** (Launch Chrome at 8 am Every Morning)of the task if you wish, though this is optional. **Click Next** when you're done.

**6-we select Daily from task Trigger**

7-select Date and time (one time every Day at 8 Am)

8- select Start a program and **click Next**

9- **click Browse** and **locate the app (chrome)**, then **double-click it , then click next**

10- Finally, click Finish to complete the process.
